

CERTIFICATE OF ROHS AND REACH COMPLIANCE

Richland certifies that the products identified by part number do not contain substances listed in the table below in the concentrations exceeding the Maximum Concentration Value (MCV).

	<u>Substance</u>	<u>Maximum Concentration Value</u>
Lead (Pb)	0.1% by weight (1000ppm)	Hexavalent Chromium (Cr +6) 0.1% by weight (1000ppm)
Mercury (Hg)	0.1 by weight (1000ppm)	Polybrominated Biphenyls (PBB) 0.1% by weight (1000ppm)
Cadmium (Cd)	0.01% by weight (100ppm)	Polybrominated Diphenyl Ethers (PBDE) 0.1% by weight (1000ppm)

Products containing the substances listed in the table above, in concentrations below the MCV, are understood to be in compliance with EU RoHS Directives.

Richland Glass (Richland) has evaluated the Non-EU Supplier REACH requirements and European Chemicals Agency (ECHA) guidelines applicable to the products we sell to customers who may be affected by the REACH regulations. Richland produces articles through shrinking, shaping, cutting and forming glass provided by suppliers. Richland will provide information, obtained from our suppliers (including Safety Data Sheets and names of substances in products) to our customers and their downstream users as requested in order to evaluate and manage the supply chain implementation of REACH regulations.

Richland will not plan to pre-register or register any substances. The substances identified in our products (articles) are not intended for release under normal conditions of use and therefore Richland has no duty to register.

Richland has established a single point of contact, Mr. Ed Silva, VP of Operations, for REACH issues requested from our customers. Please contact Mr. Silva with any questions or requests relative to REACH communications, specific products or substances. He may be contacted at 856-691-1697. X 138
